

Hi everyone,

Please find below a proposed rota for the Coomber. When it is your turn, you need to take the Coomber home after training on Monday, bring to the Sunday session, take it home and then bring back to the Monday session to pass onto the next person on the list. Please don't leave the Coomber in your car for the week, as it is sensitive to extreme changes of temperature. It will also need charging at regular intervals (lead in the bag).

If for any reason you are unable to take your turn, please arrange amongst yourselves to ensure that the Coomber is brought to every session. Please make a note of when it is your turn. A copy of the rota will be kept in the Coomber bag. Any alterations need to be noted down on that copy please.
